WELCOME TO COUNTRY

Welcoming to Country is an important aspect to people of Aboriginal and Torres Strait Island cultures.

Entering into different boundaries has always required an acknowledgment. We want you to walk through our country safely, in order to do this you must have a basic understanding of the protocols that everyone must abide by. These rules exist to give you safe passage and protection for your spiritual being when on country.

We welcome you onto Western Arrarnta lands and ask you to respect our country.
